

The variables considered in this article at the provincial, regional, and major island group levels are the following:

1. Income

- 1.1. Total Income
- 1.2. Per Capita Income
- 1.3. Income from Local Sources
- 1.4. Per Capita Income from Local Sources
- 1.5. Total Tax Revenue
- 1.6. Per Capita Tax Revenue
- 1.7. Total Receipts from Economic Enterprises
- 1.8. Per Capita Receipts from Economic Enterprises
- 1.9. Internal Revenue Allotment
- 1.10. Per Capita Internal Revenue Allotment
- 1.11. Loans and Borrowings
- 1.12. Per Capita Loans and Borrowings
- 1.13. Ratios of the following to Total Income:
 - 1.13.1. Income from Local Sources
 - 1.13.2. Total Tax Revenue
 - 1.13.3. Total Receipts from Economic Enterprises
 - 1.13.4. Internal Revenue Allotment
 - 1.13.5. Loans and Borrowings

2. Expenditures

- 2.1. Total Expenditures
- 2.2. Per Capita Total Expenditures
- 2.3. Total Expenditures on Education, Culture & Sports/Manpower Development
- 2.4. Per Capita Expenditures on Education, Culture & Sports/Manpower Development
- 2.5. Total Expenditures on Health, Nutrition & Population Control
- 2.6. Per Capita Expenditures on Health, Nutrition & Population Control
- 2.7. Total Expenditures on Education, Culture & Sports/Manpower Development and on Health, Nutrition & Population Control
- 2.8. Per Capita Expenditures on Education, Culture & Sports/Manpower Development and on Health, Nutrition & Population Control
- 2.9. Total Expenditures on Economic Services
- 2.10. Per Capita Expenditures on Economic Services
- 2.11. Total Savings
- 2.12. Per Capita Savings
- 2.13. Ratios of the following to Total Income
 - 2.13.1. Total Expenditures on Education, Culture & Sports/Manpower Development
 - 2.13.2. Total Expenditures on Health, Nutrition & Population Control
 - 2.13.3. Total Expenditures on Education, Culture & Sports/Manpower Development and on Health, Nutrition & Population Control
 - 2.13.4. Total Expenditures on Economic Services

3. Savings Rate
