### Annual Per Capita Poverty Threshold by Province 2006

**Poverty Threshold** -- refers to the cost of the basic food and non-food requirements (valued in peso). The basic non-food requirements cover the non-food expenditure items of the Total Basic Expenditures. In the Philippine official methodology, the poverty line may be viewed as the minimum income required to meet the food requirements and other non-food basic needs.

### Poverty Gap by Province 2006

**Note:** The bigger the size of the circle, the bigger is the poverty gap.

**Poverty Gap** - is the total income shortfall (expressed in proportion to the poverty line) of families with income below the poverty threshold, divided by the total number of families.
